Dated: 17.02.2011

### Corrigendum

*The Scope of requirement mentioned in Tender Documents of Environmental Impact Assessment Studies for Kalej Khola H.E. Project in District West Sikkim and Suntaley H.E. Project in District East Sikkim, Sikkim State, India for DPR purpose (NIT-04/SID/HQ-22/2010-11) and available at page No. 65-90 under **Tender No. SID/HQ-22/NIT-02/2010-11** on the website [www.cwc.nic.in](http://www.cwc.nic.in) may be read as:*

#### **Part D: SCOPE OF REQUIREMENTS**

**D.1** The broad scope of this tender is to carry out Environmental Impact Assessment of purposed Kalej Khola H.E. Project, Distt. West Sikkim and Suntaley H.E. Project, East sikkim in the State of Sikkim. The Environmental Study shall cover the following broad aspects:

- a) Study of available information about the project area and the project details
- b) To present the Environmental Justification of the Proposed project site
- c) Data Collection and creation of Environmental Baseline Datum
- d) To identify positive and adverse impacts
- e) To prepare Environmental Management Plan (EMP) to mitigate the adverse effects, including Socio-economic aspects
- f) To prepare EMP cost and Environmental Monitoring Plan for implementation of EMP.
- g) To prepare broad cost for catchment area treatment plan.

The Environmental study shall be prepared considering the relevant notifications and latest guidelines, issued by the Ministry of Environment & Forests as amended from time to time.

**D.2** The Environmental study shall be prepared considering the relevant notifications and latest guidelines, issued by the Ministry of Environment & Forests as amended from time to time.

**D.3** The Contractor shall visit the proposed site and make a complete Environment study covering all the broad aspects as described above. The Contractor shall collect data on background air quality, water quality and usage, Geo- Hydrological aspects, noise level, soil quality, ecology, land use, socio-economic aspects, etc. necessary for depicting the present environmental scenario in the Rapid EIA/EMP Report.

**D.4** The Contractor shall take measurements using only the standard equipments approved by CPCB and MOEF. The sampling and analysis procedure should conform to the BIS/MOEF/CPCB specifications.

**D.5** The contractor shall include any other studies required for the preparation of EIA/EMP Report for DPR purpose without any additional payment. The decision of PURCHASER is final in regard to the requirement of such studies.

Tender documents of following NIT invited by this office are available on the website under NIT No. SID/HQ-22/NIT-02/2010-2011. The last date of submission of Tender is 24.02.2011 upto 15 Hrs.
